

Ceiling fan with light and white, ideal for the ventilation of rooms up to 17'6m2. HYDRA is operated on remote control (included). This ceiling fan with DC motor has 6 adjustable speed with a 6 - 9 - 13 - 17 - 23 - 36W and 108 - 130 - 152 - 170 - 186 - 218 revolutions per minute depending on speed.

## General characteristics

|                          |                           |
|--------------------------|---------------------------|
| Fixation                 | Ceiling                   |
| Type                     | I                         |
| IP                       | 20                        |
| voltage                  | 220V-240V                 |
| Hertz                    | 50Hz                      |
| Power                    | 22W                       |
| W                        | 5-7-10-13-18-25           |
| RPM                      | 99-116-134-154-172-193    |
| Airflow (m3/min)         | 175.99                    |
| Engine type              | DC                        |
| No. of blades            | 4                         |
| Type of control included | Remote control with timer |

## Material

|                |         |
|----------------|---------|
| Body/Structure | Steel   |
| Diffuser       | ABS     |
| Blade material | Plywood |

## Finish

|                |            |
|----------------|------------|
| Body/Structure | Matt White |
| Diffuser       | Opal       |

## Lighting characteristics

|                       |         |
|-----------------------|---------|
| Light source included | Si      |
| Light source          | SMD LED |
| Temperature           | 3000K   |
| LM                    | 1200lm  |
| CRI                   | >80     |
| Energy classification | F       |
